The Game of LIFE — My Life!

This is my life! Everything I feel, everything I think, and everything I do has a positive or a negative consequence in my life and the lives of others. What an awesome responsibility! I am alive! My feelings, my thoughts and my actions matter because they become things in my life! I am responsible for my life!

There was a time in my life that I asked myself the question: "Do I want to graduate from High School?". The answer is obviously "YES"! As I continue forward on my chosen path toward graduation I find that I am approaching a much bigger question, "What will I do with the rest of my life after graduation?". When I contemplate the answer to my question, I feel anxious and before I know it my thoughts are fighting with each other. One thought chases after the other thoughts in my mind and I start to get nervous with excitement and a little afraid. I have so many choices regarding what I can do with my life. This is my life!

I am very happy in high school. I have experienced so many happy moments and memories that I don't want to close the door and move forward. **Helen Keller** once said, "*When one door of happiness closes, another opens, but often we look so long at the closed door that we do not see the one that has been opened for us.*" I realize that there are many other doors to open and that my high school experiences that have brought me to this point in my life have allowed me to learn so much about myself. I also realize that I am ready to walk through the door into my future and continue living my life my way.

When I think about my life I realize that high school has taught me so many things about myself and others. I know deep in my heart that I am prepared to take the next step into my life after graduation. I am planning on going to college but some of my friends are not sure, some talked about finding a job but no matter what the choice we make our high school experiences have made us all ready to take on the challenges after graduation.

While attending Chelsea High School I have learned a few things about myself and my life:

I have learned to be kind toward others in all kinds of ways and I know that any act of kindness, no matter how small, adds up and makes me feel better about myself and my life. My life has changed for the better because of the many types of students that I share my high school experience with every day.

I learned that I am more appreciative of others, especially my parents, classmates, friends, and teachers. I don't waste my time finding fault with others or pick out things that annoy me about people. I spend my time appreciating others for how they impact my life in a positive way and how so many people have helped or made me laugh, especially when I needed it most. I know the importance of cutting back on the time I spend around negative people in my life and I seek out more positive people to surround my life with and I spend more time with positive people. I learned to bring this same type of positive influence to others.

While attending Chelsea High School I have learned to value positive people and surround my life with everything positive that has any influence on my life. I seek out positive media to influence my life and do my best to avoid negative media (newspapers, music, TV, websites) and replace it with positive music, books and movies and people that truly inspire my life.

Also, I have a few bad memories that have held me back in my life. I realize that my life going forward will benefit so much if I allow myself to let go of one bad memory or life experience from my past that I have been clinging on to and keeping alive. I have a challenging life experience that is constantly reminding me of a sad and terrible moment in my life and it keeps me from moving forward. We all have some kind of old conflict or argument with a loved one that we keep alive in our minds. I learned that I can choose to allow this past life experience to continue to consume a lot of my time and energy in my life or I can just learn from the experience and just let it go. My high school experiences have taught me that I need to let the past stay in the past. Life happens right now! And as Jan Glidewell once said: "***You can clutch the past so tightly to your chest that it leaves your arms too full to embrace the present.***"

I have learned that my education matters and how I apply that knowledge is what matters most. I have learned that in order to make knowledge given to me from my teachers will only become my knowledge if I apply this knowledge that has been offered to me. In order to make their knowledge mine, I need to act on the knowledge I am being taught. Only by living the knowledge will their knowledge become my knowledge.

Lastly, I have learned that the people in my life right now matter most. My high school life experiences have taught me to respect educators, administrators, fellow students and everyone involved in supporting my education here at Chelsea High School. My life is awesome! Thank you Chelsea High School!

Dr. Bourque

Mary Bourque was born and raised in Chelsea, MA; she's been a very passionate member of our community, especially when it comes to Chelsea's educational system. As a young girl she remembered playing dolls. Pretending to be a teacher, she would teach her "student" dolls.

That was only the beginning of her journey. She graduated from Salem State with a Bachelor's Degree in Secondary Education and began teaching at the old Chelsea High School.

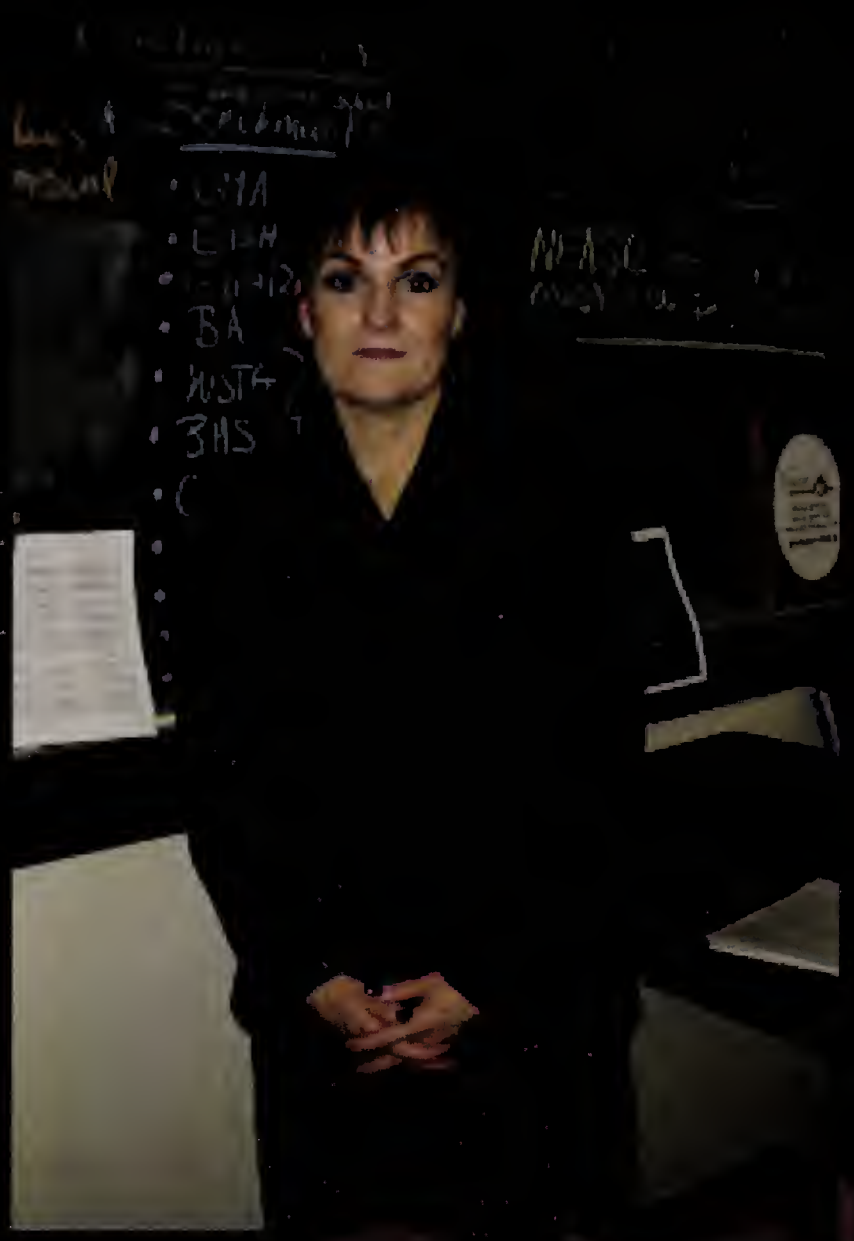

She knew this wasn't enough for her, so she decided to go back to college and get her Master's Degree in Education. She then graduated from Boston University with her Doctorate in Educational Leadership and Administration.

After working in positions such as an elementary, middle and high school teacher she was promoted to principal of the Clark Ave Middle School.

When the Assistant Superintendent position was offered to Dr. Bourque in 2004 she, wanting to give back to her community, gladly accepted. She later became Deputy Superintendent in 2008.

Almost four years later Dr. Bourque was offered the Superintendent position! With a vast experience in teaching and passion to change the curriculum in Chelsea she was the best candidate for the job.

Her new hope as Superintendent is to merge the different members in Chelsea and make them feel a part of a family community. She wishes to see a change in schools in a more positive way, for example high schoolers interning at the future FBI building. She acknowledges that this change will take time but this is why she chose to be the Superintendent of Chelsea Public Schools.

Dr. Bourque is not only the superintendent of Chelsea, but also an alumnae just like many of those who are going to become the Graduating Class Of 2012!!

Dr. Bourque would like to remind the class of 2012, "life is like a book we need to keep reading in order to see where it leads us, we can't give up half way, keep turning the pages, something wonderful awaits every single one of us."

DEAR SENIORS,

Congratulations on your High School graduation. We wish you the best of luck in your future endeavors.

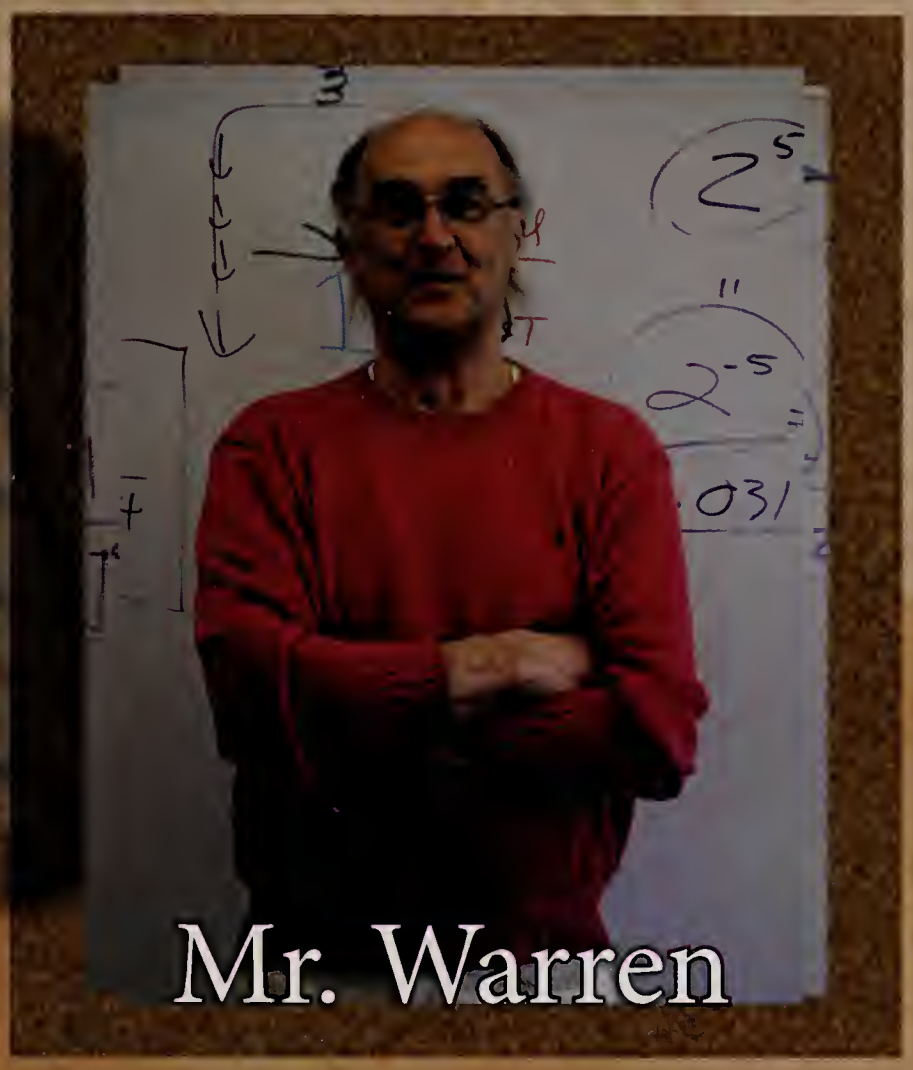

, WE ARE

CHELSEA

Retirement

Math/computer teacher and Chess Club is what Mr.Warren has wound up teaching here at Chelsea High School. He didn't always want to be a teacher, he made the decision to be a teacher by trying it only once and he ended up liking it. Even though he believes he is "not as good as a teacher as he would want to be", he did his job and he liked it. He is going to miss all of his colleagues, classes, and the students as he retires. In the end, teaching at Chelsea High has been a great and different experience and he has enjoyed it to the fullest.

Mr. Warren

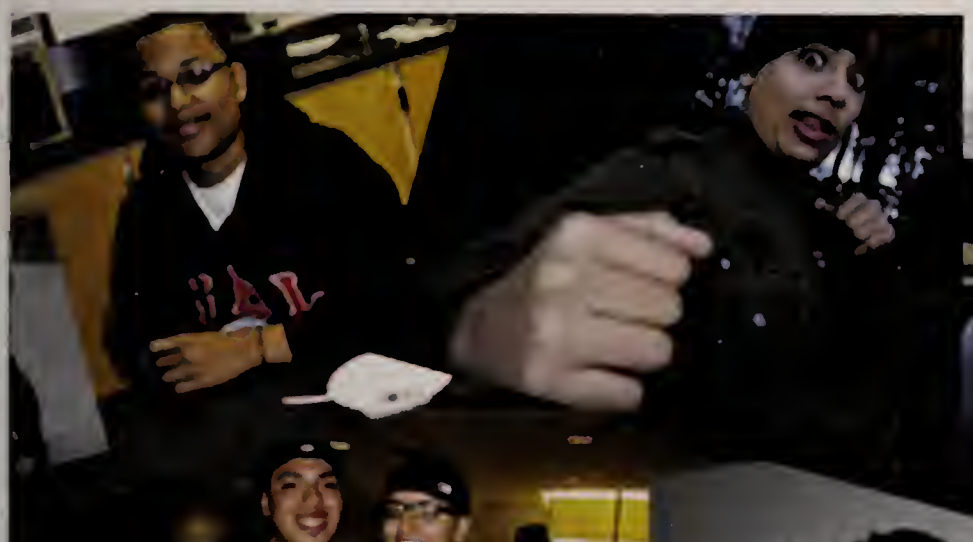

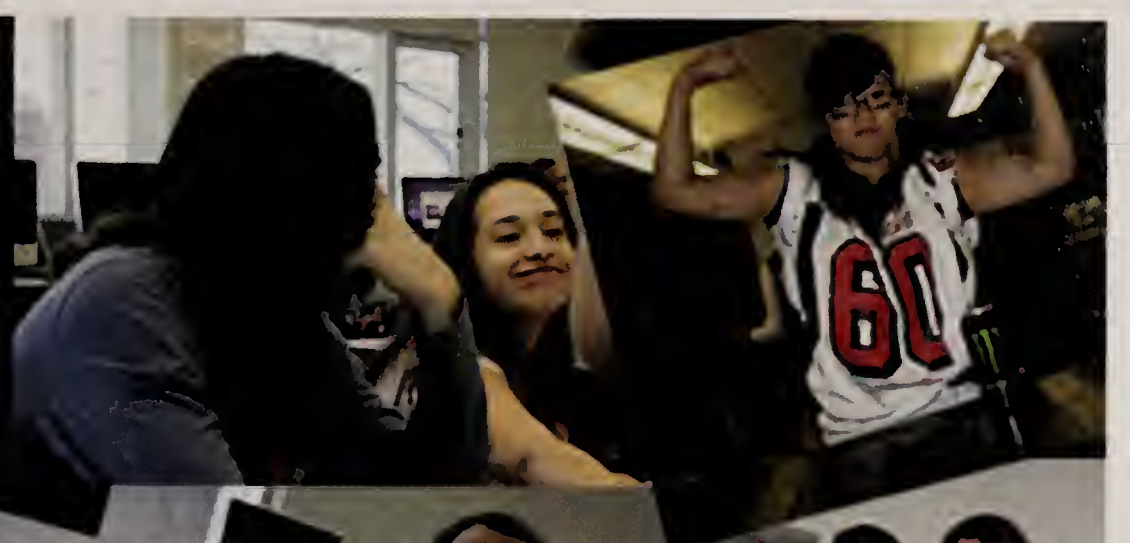

Mr. Kraft

French/Spanish teacher here at Chelsea High for 10 years and, like our other retiring teachers, is not to be easily forgotten. Being the one who led two weekend trips to Quebec City in Canada, how could people forget. The one who was known as the funny guy and the one who helps out students to achieve their goals.

"Do your best, don't give up, and try as hard as you can."

"I have brains in my head. I have feet in my shoes. I can steer myself any direction I choose." I have the power to do what I want with my education, and at the start of my four years here at Chelsea High, I had the ability to steer myself any way I chose. There were multiple times I steered off track, but this is my life, my responsibility, and it is always up to me to steer things back in the right direction. I learned that my education matters and how I apply that knowledge in the future is what matters most.

"So be sure when you step. Step with care and great tact and remember that Life's a Great Balancing Act. Just never forget to be dexterous and deft. And never mix up your right foot with your left." Balance. My life would be nothing without my ability to balance. Between my clubs, sports and academics my plate is overloaded. Being a member of something gives me a sense of community. Whether it be rehearsing for a play or volunteering around the community, I am being part of something, teaching me to be a better-rounded person.

"There is fun to be done! There are points to be scored; there are games to be won.
And the magical things you can do with that ball will make you the winning-est winner of all." Being a part of a team is one of the most rewarding parts of being in a sport. The combination of being a part of something so physically and mentally demanding can really take a toll on my life. If I could find some way to take what I learned on the field/court and apply it to my life, I can become the more well-rounded person that my teachers, coaches, and mentors expect of me.

"One heart, one soul, one family, Chelsea"
-Rony Gomez

"Once a Devil always a Devil"
-Joseph Saez

"This football season has been one of the most interesting seasons in over sixteen years." "We have faced many tough competition and obstacles but have triumphed." These wins have a lot to do with the football guys working as a team and being devoted to a sport. Seniors coming together and helping the underclassmen become part of a large family. Head Football Coach Stellato and his devoted assistant coaches helping them on their way.

Coach Stellato is currently the dean at the Clark Middle School but enjoys working with the Chelsea football team because he sees the dedication and appreciation that each and every member on his team carries. "You can notice all their hard work."

"Football is a rough and physical sport" that might be intimidating to join but so far the Football team this year has made the school proud for going to the playoff against Cathedral High. Even though they lost that day they have "marked this year as one that many people will remember 10 years from now and say the class of 2012 had an amazing football season."

The football team faced some hard competition, faced difficult obstacles, for example the team started their season against Lynn-Teach and had no runner back, the team was nervous and vulnerable but at the end won 35-8. They faced schools like Trinity Catholic, Greater Lawrence and Shawsheena and won. With scores that were incredible as 40-0, and 10-6. With this said Chelsea High Football team has had very devoted Football Captains, Joesph Saez, Rony Gomez and Hector Rivera.

This successful year wasn't possible without the dedication of every single team member and coaches especially Coach Stellato, Coach Jack Halas, John & Andre Hassel, Coach Lee and Coach Conmero

BOYS SOCCER TEAM

Another great season for the boys soccer team. They were once again crowned champions with a 13 win, 3 losses, and 1 tie record. With this amazing record they made it to the Division 1 North Sectional MIAA State Tournament once again. Throughout the whole season, Chelsea players showed off their great talent every time they stepped on the field. Even when faced with a loss they managed to work together as a team and move forward. The team made it up to the North semifinals which sadly was the end of such an amazing road for the team.

Coach Milutinovic says that soccer is 10 % talent, 90% hard work.

Overall the three captains believe to never give up because to them soccer is not a hobby anymore, it has become their job, an important part of their lives.

First Row Evan Protasowicki (Assistant Coach), Josue Miralda (11th grade), Hugo Erazo (Captain-12th grade), Brayan Zepeda (12th grade), Levi Deniz (12th grade), Nataniel DePina (12th grade), Hernani Gomez (12th grade), Mickey Milutinovic (Head Coach)

Second Row: Alcides Romero (12th grade), Luis Martinez (9th grade), Michael Rendon (11th grade), Denis Martinez (Captain-9th grade), Raul Guevara (12th grade), Cesar Rubio Melara (12th grade), Hector Ramirez (10th grade), Kilmer Carillo (11th grade), Francisco Baires (12th grade)

Third Row: Abdulrahman Mohamud (12th grade), Carlos Martinez (12th grade), Junior Rivera(11th grade), Jimmy Funes (12th grade), Oscar Vale (12th grade), Jaime Barahona (10th grade), Pedro Alvarado (11th grade)

GIRLS SOCCER

It was a year of history making and since last year the Girls soccer team had a close taste of making it to the State Tournament. Overall the girls made it their goal this year to be part of the Tournament. Last year the team was just one point away from second and made it to second place in their conference, this year the team tied for second but came out and made a dream comes true that started four years ago.

"Success is not luck but preparation and most of the girls started their preparation under the hot burning sun of summer to be ready for this season. I believe that this factor was the reason why the team did so good this year. Even though we don't get a banner this year I know in the future there will be a Girls Soccer banner in the gym." -Elsa Nunes

"Soccer is not just about scoring goals, it's about leaving everything on the field. I know each and every one of the girls gave it their all during practices and games. Each of the girls played their hearts out every game and at the end all the hard work paid off. I am extremely proud of the girls and I'm hoping that the next years to come the team gets better and better." -Lauren Ramos

"I have had the privilege of working with this soccer team for 4 years as the Assistant Coach. I am so PROUD of this team's accomplishments including a statewide award for sportsmanship two years back and every year they are making progress as a soccer team. Hopefully this year we will make it to the tournament despite some serious set backs, including a devastating injury early on in the season to one of the team's Captains, senior Elsa Nunez. The girls on this team have the best attitudes and really are amazing role models for all students, as well as the entire community. Chelsea has so much to be proud of, and the Girl's Varsity Soccer Team is definitely one! Wepa!"
-Coach Huffer/ Coach Loomis

"No matter how hard practices may be, no matter how tough an opponent may be, no matter how exhaustingly long a race may be, we run as one team, a team with a goal and mission: run every race like it's our last, and to bring a 2011- 2012 championship for our school."

VOLLE

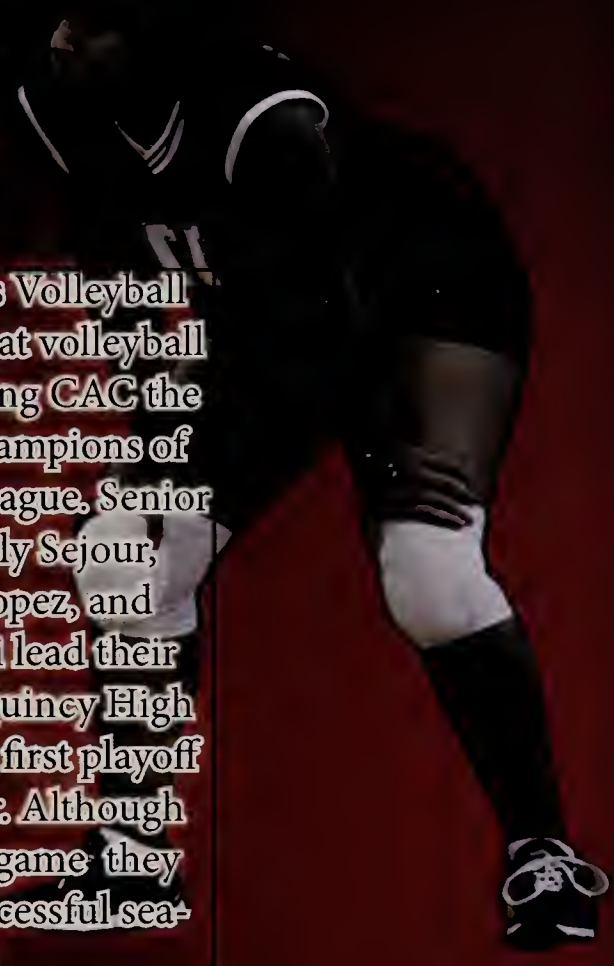

"We play for each other and regardless of our record we're playing hard on that court. As a captain that's all I can ask for." - *Jacquelyn Lopez*

The CHS Girls Volleyball Team had a great volleyball season, achieving CAC the title of Co-Champions of the Divison 2 league. Senior captains Shuly Sejour, Jacquelyn Lopez, and Karolyn Moni lead their team to play Quincy High School at thier first playoff game this year. Although they lost that game they had a very successful season.

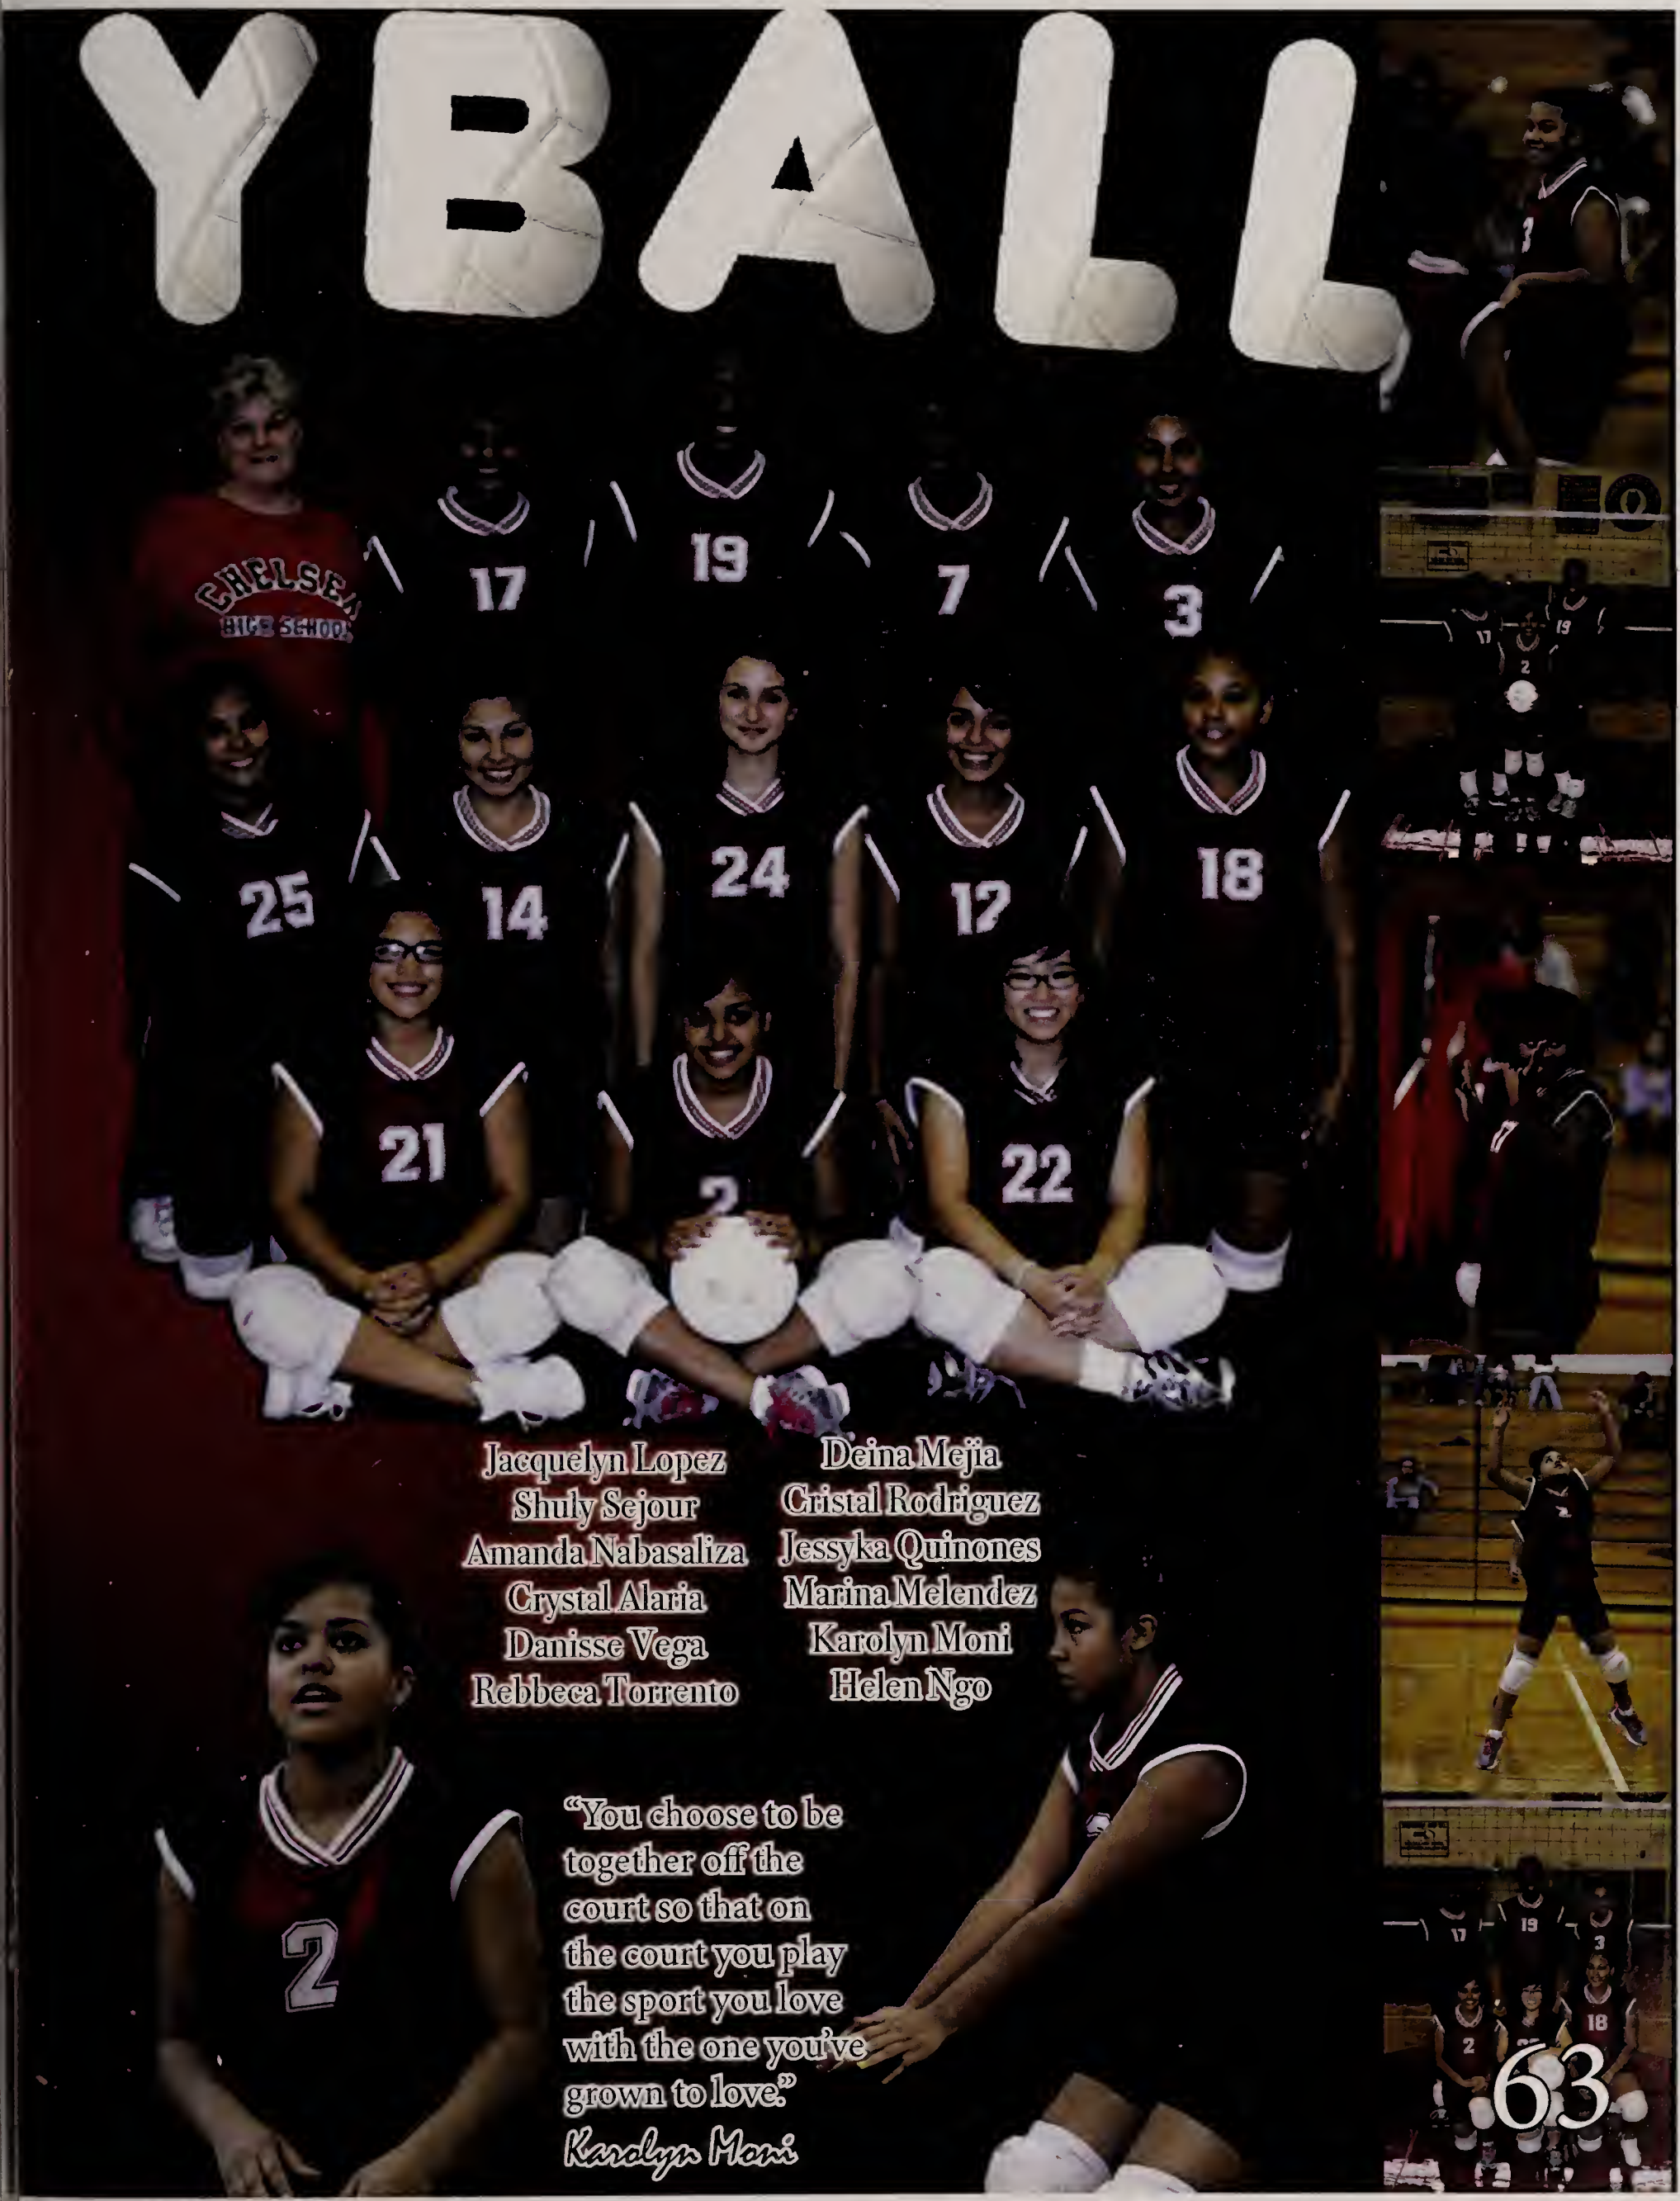

GREAT SEASON LADIES!

"We played our hearts out and we left them on the court. If you look at the gym floor you can still see our hearts. This team is my family. I can always depend on them." *Shuly Sejour*

Melanie Iraola, Jessyka Quinnones, Crystal Starkey, Dayanara Montilla, Neftaly Aragon, Tuan Tran, Richard Andino, Gaby Lino, Tatyana Almeida, Ashley Aguilar, Yessenia Motta, Brittany Builes, Jasmin Cedeno, Julienette Ortiz, Leanna Martinez, Brandy Rodriguez

SENIORS!

Melanie Iraola, Jessyka Quinnones, and Crystal Starkey

Basketball Cheer Captains Melanie Iraola and Brittany Builes with long-time coach Princess Rodriguez.

Message from the Coach:

"I appreciate all of the hard work and dedication you guys have shown this year. Your ability to adapt to new situations and overcome obstacles is truly inspiring to both myself and your peers. I will miss you seniors!"

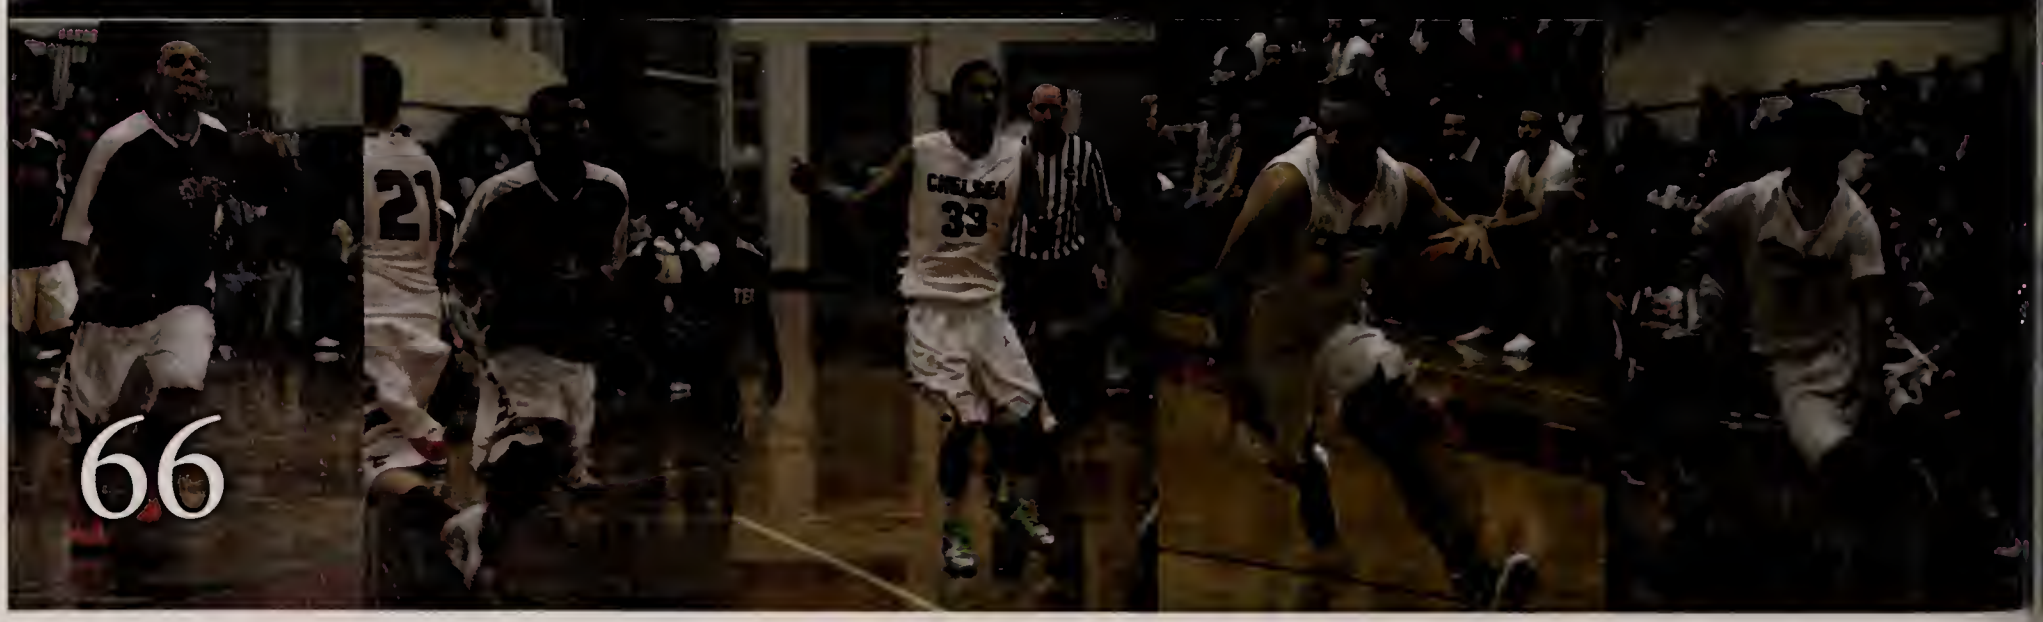

BOYS BASKETBALL

Captain Sammy Mojica

A FEW WORDS FROM THE COACH:

The 2012 basketball season began with a 2-4 win/loss record but then moved on to becoming a 12-4 win/loss record. With a slow start and strong finish, this year's basketball team did a great job. Also, aside from the regular season, the basketball team made it into the tournament. "[The] guys who play basketball play because they love playing…" said Coach Seigal. That was all the motivation they needed to play through this season.

MEET THE TEAM

Back row : Coach Jay Seigal, Eddie Rosales, Faisal Nasimi, Carlos Vasquez, Kevin Dejesus, John Cerrato, Eddie Irizarry, Carlos Vega, Eric Albino.

Front row: Alexis Ventura, Sammy Mojica, Sean Quiroz, Martil Medrano, Dennis Sanabria, Ian Martin.

Marsha Mars

The Chelsea High Basketball Team finished their season with a 10-7 record. Although there were many difficulties with the team Captains, Shuly Sejour, Karolyn Moni, and Bahiya Nasuuna, were able to pull their team together and finish strongly with making it into the playoffs. Although they lost in the first round, the Red Devils played their hearts out on the floor. Great Job Ladies!!!

"It's amazing how attached you can get to your team. Although we had many problems and situations, the good times overlap the bad times and I wouldn't do anything different.
-Shuly Sejour

Hello

Cover Model

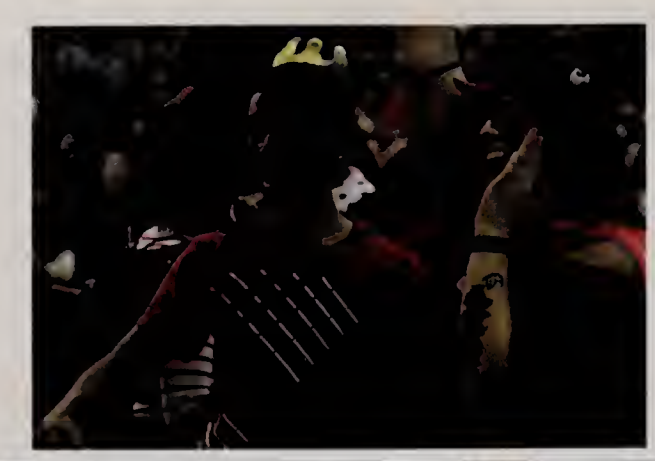

"And when things start to happen, don't worry. Don't stew. Just go right along. You'll start happening too." Life is full of surprises and when certain events start to happen that affect our lives we have to be ready to challenge these events and conquer our obstacles to continue progressing toward our future. Once we do this, we will be able to show that we can be great at what we do just for being who we are. I am thankful for every moment I've had at my events here at school. High school has been the beginning of the events that we will encounter and we are ready for more."

CIA
2012

Every year we always think about how much we have gone through and look back at what we used to be when we see the class year before us. This year as seniors we are proud to represent the class of 2012 and to cheer our hearts out to show our pride in both our school and class. It's not just us seniors who showed our pride on this exciting day, but so did the freshmen, sophomores, and juniors. This brought a great feeling of togetherness and made us definitely feel proud of the high school that we attended. Maybe some will even look back later in our lives and say, "Yeah! I went to Chelsea High School!"

There is nothing like the positive energy in Chelsea High School when all students and teachers join together as one, during Spirit Week.

-Mr. Schmidt

Kariana Sipple is known for her outstanding perfomances in spring school musicals. But for the first time she wanted to participate in a fall play. Kariana's character wasn't exactly her first choice however as she rehearsed she learned that she and her character were quite alike. Kariana was very glad to have done the play, if she had the chance to do it again she would.

Samuel Ingram has been in numerous drama productions at Chelsea High and obviously has the experience. Therefore he choose the lead role of Lloyd. Enjoyed yelling at his cast emebers and all the perks of being Lloyd. Overall Sam was glad to have been in the play and feels it was worth the time and effort.

RAGTIME
The Musical

"Ragtime and Drama Club has made me grow as a actress and a person. I enjoyed every moment of it. I will always treasure this club because of the people I met here. My experiences on stage has motivated me to keep acting and meeting new people."

"Advice: Never lose faith, every single one of you can reach your dreams. Strive for what you want, work hard and it will pay off."

-Monica Elias Class of 2012 Drama Club President

"Through Ragtime I have grown and have become a better actor and singer. Ragtime has helped me feel comfortable in a lead role and helped me take responsibility, being a lead role. My most memorable moment in Ragtime is when I sang "Make Them Hear You," not only was it a difficult song, but it carried a lot of meaning to me which I can relate to."

"Advice to underclass men is to never lose motivation!"

Senior Index

"You're off to Great Places! Today is your day! Your mountain is waiting. So...get on your way!" Home stretch; everything starts to matter and everything catches up to you. As seniors we have to look back at what we have accomplished and what we have done wrong as we approach the end of our high school careers. We look at the bigger picture and decide what we will do and, with determination, look into our future to chase our goals. In this world chasing our goals is what we can do and being the independent individuals that we are.

KEEP OUT

If I had my way, the Marvel Avengers would be adding two new super hero's to their team – Kristine Go and Taylor Bohannon! So, don't be surprised to see in the movie sequel- "The Avengers"- Iron Man, The Incredible Hulk, Thor, and Captain America are teamed up with Kristine Go and Taylor Bohannon. What are their super power's you ask? Both super heroines used their extraordinary abilities of dedication, pride and passion to complete this year's yearbook and protect the class of 2012!

One other nomination for an outstanding contribution to the creation of this year's yearbook goes to Crystal Alaria. As a result of their leadership and dedication they were able to finish this 288 - page yearbook before it was too late. This is the largest yearbook that Chelsea High has ever created. The entire yearbook class and club members should be proud of themselves for creating such an awesome book.

The yearbook class remains a great educational experience for all involved as there are many skills that students learn to respect: technology skills (business software, desktop publishing, photo-editing software, online research and design), life skills (communication, leadership, time management, project management, problem solving, writing, photography, teambuilding, conflict resolution, public speaking, accountability, responsibility), journalism skills (concept brainstorming, reporting, researching, copy editing, photo editing, graphic arts, public relations, media law, design), and business skills (budget planning, promotion and advertising, marketing, selling, customer relations, market research). These skills will not only help students in high school, but also carry them into success in college and beyond.

Building a yearbook is a one-of-a-kind opportunity that allows and encourages students to showcase their artistic, academic, and leadership talents. Being accountable, dedicated, respectful, selfless, honest and always helping others is what yearbook is all about! Thank you everyone who had a hand in helping this class create our yearbook.

Thank you,
Mr. Matthew LaBranche

Oh, the Places You'll Go!

Congratulations!
Today is your day.
You're off to Great Places,
You're off and away!

You have brains in your head,
You have feet in your shoes,
You can steer yourself
any directions you choose.

You're on your own. And you know what you know
And YOU are the guy
Who'll decide where to go!
